**SLSWCS**
Student Workshop on Computer Science

## Objective

The workshop provides a stimulating opportunity for young research students across the country to involve in discussions with some top researchers from local or abroad universities. Participants will also have the possibility to present the results of their research and to interact with their scientific peers, in a friendly and constructive environment that would possibly lead to future collaborations.

## Abstract

Each poster should contain an abstract of max 500 characters. The abstract on the poster should exactly match the text that is submitted electronically.

## Title

The paper title should be in ALL CAPITALS. The title must be representable in the Unicode character set.

## Author

The authors' names must meet the following format: "Surname1 N1., Surname2 N2., Surname3 N3., ..." etc.

## Headerboxes

A poster is made of *headerboxes* in columns. You will find a brief explanation about how to set up a custom layout inside the LaTeX source of this poster.
